Company Profile

Engineering Excellence. Strategic Partnership.

Company Overview

A MESSAGE FROM OUR CO-FOUNDER

DEAR CUSTOMERS,

FROM THE HEART OF HOMS, WE'VE BUILT MORE THAN A COMPANY—WE'VE BUILT A COMMITMENT TO RESILIENCE, PRECISION, AND PROGRESS. IN EVERY PROJECT WE UNDERTAKE, WHETHER IT'S CONSTRUCTION, CONSULTING, OR TRADE, OUR GOAL IS SIMPLE: TO SERVE WITH INTEGRITY AND DELIVER WITH EXCELLENCE.

AS SYRIANS, WE UNDERSTAND THE CHALLENGES. BUT WE ALSO BELIEVE IN OUR CAPACITY TO REBUILD, REFINE, AND RISE. AT ETO-SYRIA, WE COMBINE TECHNICAL EXPERTISE WITH CREATIVE VISION TO OFFER SOLUTIONS THAT ARE BOTH PRACTICAL AND INSPIRING.

AS CO-FOUNDER AND MANAGING DIRECTOR, I'VE BEEN DEEPLY INVOLVED IN SHAPING ETO-SYRIA'S JOURNEY FROM THE GROUND UP. MY ROLE BRIDGES STRATEGIC LEADERSHIP WITH HANDS-ON EXECUTION—FROM ARCHITECTURAL VISUALIZATION AND SOURCING TO CLIENT PRESENTATIONS AND CREATIVE MARKETING. EVERY DETAIL REFLECTS OUR BELIEF IN REBUILDING WITH PURPOSE, HONORING SYRIAN CRAFTSMANSHIP, AND STRIVING FOR INTERNATIONAL STANDARDS.

THANK YOU FOR VISITING OUR SITE. I INVITE YOU TO EXPLORE OUR WORK, CONNECT WITH OUR TEAM, AND JOIN US IN SHAPING A BETTER TOMORROW.

CONSULTING ENG. LABEEB ALSHAWEESH, CO-FOUNDER & MANAGING DIRECTOR

WHO WE ARE

ESTABLISHED IN 2003 BY CE LABEEB ALSHAWEESH AND DR. WASSIM CHAWICH, ETO-SYRIA IS A PARTNERSHIP LIMITED COMPANY REGISTERED UNDER MEMBERSHIP NO. 2745 AT THE HOMS CHAMBER OF COMMERCE (HCC).

WE ARE A LEADING SYRIAN ENGINEERING, CONTRACTING AND TRADING FIRM, KNOWN FOR OUR PRECISION, RELIABILITY, AND INTERNATIONAL PARTNERSHIPS.

Mission & Services

WHAT WE DO

Mission**Statement:**

We deliver high-quality Engineering, Construction, Contracting, Trading and Sourcing Solutions with integrity, innovation, and cultural sensitivity.

Core Services:

- Construction of buildings: housing and commercial.
- Supply & Appy, retail and wholesale of:
 - Building materials and equipment.
 - Production machines and lines.
- Bidding & auctions with public, private, and joint sectors.
- Representation of Arabic and foreign companies.

HEALTH, SAFETY AND ENVIRONMENT (HSE)

At ETO-SYRIA, we believe that operational excellence is inseparable from our commitment to health, safety, and environmental responsibility. Our HSE policy is integrated across all project phases—from planning and execution to post-completion review—ensuring that every task is performed with care, compliance, and foresight.

Core Principles

- **Workforce Safety:** We prioritize the well-being of our teams through regular training, use of protective equipment, and emergency preparedness protocols.
- **Environmental Responsibility:** Our operations are guided by sustainable practices, including waste management, pollution control, and resource-efficient solutions.
- **Regulatory Compliance:** We align with Syrian and international safety standards, conducting internal audits and maintaining transparent documentation.
- **Client Assurance:** We collaborate closely with clients to ensure shared safety goals and provide clear reporting throughout project lifecycles.

ETO-SYRIA is committed to creating safe work environments, protecting natural resources, and fostering a culture of accountability. Our HSE approach reflects not only our professional integrity but also our respect for the communities we serve.

Experience Highlights

LEADERSHIP IN ACTION

ETO-SYRIA's leadership is shaped by decades of hands-on experience, visionary execution, and a commitment to excellence across engineering, contracting, trading, and humanitarian development.

♦ **Consulting Structural Engineer**
Syndicate of Syrian Engineers (1992 – Present)

With over three decades of expertise, we've led the structural engineering design of residential and commercial buildings—delivering safe, efficient, and resilient solutions that meet national and international standards.

**◆ Managing Director****ETO-SYRIA (2003 – Present)**

As the driving force behind ETO-SYRIA's growth, our leadership spans multiple domains:

Contracting Excellence

- Execution and fit-out of buildings and apartments, from concept to completion
- Specialized works in waterproofing and thermal insulation
- Landmark achievement: In 2008, we completed Syria's first-ever steel space frame ceiling at the Homs Expo Project, in collaboration with a Turkish manufacturer. Spanning 42 meters in width and 92 meters in length, this pioneering structure remains unmatched in scale and innovation.

Trading & Strategic Supply

Our trading division bridges global innovation with local expertise, delivering high-quality materials, equipment, and strategic partnerships that power construction and development across Syria and beyond.

 Building Materials & Equipment

We proudly retail a wide range of local and international construction chemicals and additives, including:

- Concrete admixtures
- Surface treatments
- Grouts and anchors
- Concrete repair systems
- Flooring solutions
- Protective coatings
- Sealants and joint systems
- Waterproofing technologies
- Adhesives and bonding agents
- Tile adhesives and grouts
- Finishing products for buildings
- Thermal insulation materials

Global Partnerships

We serve as official agents for internationally recognized manufacturers of:

- Steel space frame systems
- Steel gratings and structural components

Production Lines & Equipment

On request, we source and supply specialized production lines and machinery tailored to client specifications and operational needs.

Bidding & Procurement

ETO-SYRIA actively participates in public, private, and joint-sector bidding and auctions—leveraging our technical insight and market knowledge to deliver competitive, compliant solutions.

Representation & Collaboration

We represent a growing network of Arabic and international companies, fostering cross-border collaboration and expanding access to advanced technologies and materials.

◆ Program Coordinator, Urban Planner and HoSOs (Consultant)

United Nations Human Settlements Programme (UN-Habitat) (2014 – 2022)

As Programme Coordinator, Urban Planner, and Head of Sub-Offices for Central and Coastal Regions, we led the implementation of more than 30 humanitarian projects across key sectors:

- Shelter
- Protection
- Livelihood
- Water, Sanitation & Hygiene (WASH)
- Education

These initiatives brought tangible impact to communities in need, reinforcing our commitment to sustainable development and human dignity.

◆ Head Office Manager & Tendering Engineer

Technical Office for Engineering and Contracting (TOEC) – Engrs. Aboukhater & Akhrass
TOEC's portfolio included large-scale infrastructure projects such as:

- Industrial complexes

- Power plants
- Oil & gas facilities
- Dams and road networks

List of Projects

Serial	Project	Description	IP	Sector	Governorate	City
1	Street solar lighting project	Provision of solar street lighting devices to be installed in a network that will cover the mostly populated streets and alleys in Al-Hamidia neighbourhood (33 lighting devices)	Maronite Church	Protection	Homs	Homs
2	Removal of debris from collapsed buildings and shops and cleaning (sterilization) and rodent control of area contaminated by sewerage water	Removal of debris from collapsed buildings and shops and cleaning (sterilization) and rodent control of area contaminated by sewerage water	St. Micheal Church	WASH	Homs	Homs
3	100 housing units rehabilitated, with basic housing needed provided that will allow families to return and stabilize in fairly decent housing conditions	To support the current return trend at Al-Hamidia neighborhood and the Old City of Homs in general by supporting the most fundamental return condition through the rehabilitation of partially-damaged housing units at Al-Hamidia neighborhood	Saydat Al-Bishara Church	Protection	Homs	Homs
